

Wi-Fi Visual Transfer Adapter (Reference)System

Wi-Fi Visual Transfer Adapter is the reference system for the demonstration.

System outline

Input (transmitter side)	Component (480i/480p/720p)
	Composite (NTSC)
Output (receiver side)	Component (480p)
	Composite (NTSC)
Coding	MPEG4-ASP (4Mbps)
RF	IEEE802.11g
Network I/F	ad hoc network
Power	AC adapter (5V/2A)
Size (Transmitter & Receiver each)	147.24mm x 89mm x 25mm

Purpose

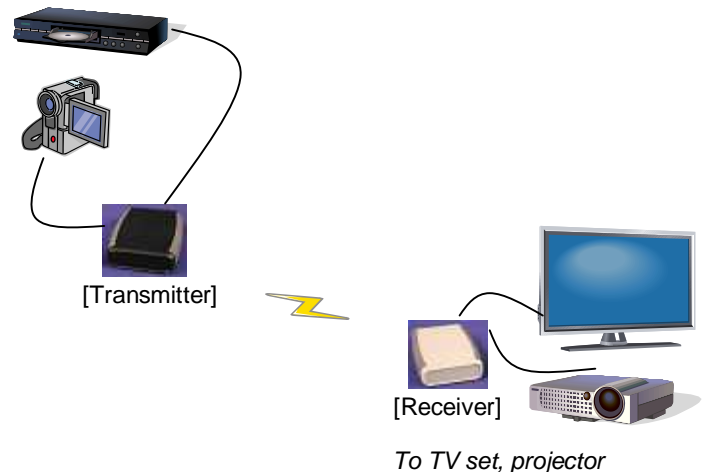

System LSI has many experiences at both of AV & RF applications. Please ask the best solution for your ideas.

- Easy to image the new application for the development.
- Easy to modify the sample system as the reference.
- Design support for the system board development, LSI design and SW embedded technology.
- Consultation & evaluation/testing for the applications.

*The support is flexible for not only design & development but also the production with the manufacturing partners.

Applications

From DVD player, Camera,....
